Section 6201.75 Loss Reserve Discounting

- a) A trust may discount its reserves for incurred and unpaid losses and loss adjustment expenses, for the purpose of:
- 1) Reporting under Section 14 of the Act and Section 6201.70 of this Part, and
 - 2) Demonstrating its net worth and adherence to reasonable standards of financial solvency, subject to all of the following conditions:
 - A) The trust shall have been approved for operation under the Act for not less than two (2) full calendar years.
 - B) The trust instrument shall provide that each beneficiary may be assessed for any funding deficiency relating to any period in which the beneficiary participated in the trust and that each beneficiary shall be fully liable to the trust for any such assessment; a beneficiary's obligation for any such assessment shall be enforceable regardless of whether the beneficiary is currently a beneficiary of the trust, unless the trust has expressly released the beneficiary with respect to such obligations.
 - C) With respect to each reporting year, the assumed rate of return used to discount the trust's reserves for losses and loss adjustment expenses shall not exceed the greater of:
 - i) The trust's average annual portfolio rate of return over the five (5) year period (or such shorter period, in the event that the trust has not been in existence for five (5) years) ending with the last day of the then-current reporting year, less 1/2 of 1%; or
 - ii) The assumed rate of return used to discount the trust's loss reserves for federal income tax purposes, for the tax year corresponding to the then-current reporting year.

D) In conjunction with the financial statements required by Section 6201.70 of this Part, the trust shall file with the Director a statement of actuarial opinion by a qualified independent actuary, setting forth his or her opinion regarding the adequacy of the trust's reserves for losses and loss adjustment expenses, in such form and of such content as specified in the National Association of Insurance Commissioners Annual Statement Instructions: Property and Casualty. For purposes of this Section, the term "qualified independent actuary" shall mean an individual is either:

iii) A schedule of portfolio investments, including scheduled maturities, and a report of the trust's aggregate portfolio rate of return for the year. If the trust's investments are managed by any third-party manager or trustee, such portfolio rate of return shall be verified by such manager or trustee.

b) A trust which does not comply with all of the conditions set forth in subsection (a), above, may discount its reserves for losses and loss adjustment expenses, but only upon receiving the express written approval of the Director with respect to each calendar year that the trust proposes to discount such reserves. Any trust desiring the Director's approval under this subsection shall submit a written request therefore, prior to September 1 of the year to which the request relates, setting forth:

- 1) The terms upon which such discounting will be based,
- 2) an estimate of the anticipated effect of such discounting, and
- 3) the trusts' commitment to provide the specific information set forth in subsection (a)(5), above. DEPARTMENT OF PUBLIC AID

NOTICE OF PROPOSED AMENDMENTS

1) Heading of the Part: Reimbursement for Nursing Costs For Geriatric Facilities

2) Code Citation: 89 Ill. Adm. Code 147

3) Section Number: Proposed Action:
147.100 Amendment

4) Statutory Authority: Section 12-13 of the Illinois Public Aid Code (Ill. Rev. Stat. 1991, ch. 23, par. 12-13) [305 ILCS 5/12-13]

5) Complete Description of the Subjects and Issues Involved: These proposed amendments provide for revisions in the reconsideration process regarding resident reviews conducted by the Department's Inspection of Care surveyors. These changes are being made in response to a 68% increase in the number of reconsiderations being requested by nursing facilities that believe the IOC reviews do not accurately reflect the need levels of their residents.

Under the proposed amendments, the reconsideration process is simplified to a two-step process which eliminates the first level review. The two-step approach is composed of negotiation between the facility and the IOC team, and central office arbitration. Facilities are limited to one negotiation opportunity for any IOC review. When facilities believe that differences have not been resolved through negotiation, an arbitration request can be submitted to the IOC team leader. Arbitration shall be conducted by Department nurse and physician arbitrators, and written results will be sent to the facility. New language in the rule will allow the Department to reserve the right to perform on-site reviews in conjunction with the arbitration process, and to resurvey all or any portion of the most recent resident review.

Implementation of these amendments will not result in any additional expenditures by the Department.

6) Will these proposed amendments replace emergency amendments currently in effect? No

7) Does this rulemaking contain an automatic repeal date? No

8) Do these proposed amendments contain incorporations by reference? No

9) Are there any other proposed amendments pending on this Part? No

10) Statement of Statewide Policy Objectives: These proposed amendments do not affect units of local government.

DEPARTMENT OF PUBLIC AID

The Department will consider all written comments it receives within 30 days after the publication of this notice.

These proposed amendments may have an impact on small businesses, small municipalities, and not for profit corporations as defined in Sections 1-75, 1-80 and 1-85 of the Illinois Administrative Procedure Act. These entities may submit comments in writing to the Department at the above address in accordance with the regulatory flexibility provisions in Section 5-30 of the Illinois Administrative Procedure Act. NOTICE OF PROPOSED AMENDMENTS

Section 147.100 Reconsiderations

- a) A facility may request a reconsideration of the resident review assessment conducted by the Inspection of Care (IOC) team if the facility believes the review assessment does not accurately reflect the level of need of its residents. The facility will be given the IOC assessments in batches of 20% as the case manager completes them for the purpose of allowing the facility time to review the assessment prior to the Exit Conference. Differences between the facility and the IOC team regarding level of need of the residents are to be addressed using a three-step two-step approach:

- 1) exit-conference negotiation between the facility and IOC team; and
- 2) central office arbitration; and
- 3) first-level review.

- b) The facility will be given the IOC reviews in batches of 20% as the case manager completes them. At the exit-conference the facility must state the functional and service needs that it wishes to dispute. After the facility has examined each batch of 20% the facility administrator or designee, who is to be specified in writing at the beginning of the IOC survey, shall arrange a time with the team leader for negotiation of each batch. The facility may negotiate each IOC review only once. The facility administrator or designee shall have an opportunity to discuss and is responsible for providing supporting data to the IOC team in an effort to reconcile the differences. When the differences are not reconciled through negotiation, the facility shall submit appeal/arbitration request forms and supportive documentation to the team leader at the conclusion of negotiation of each batch. The IOC team nurse will provide the facility with appeal/arbitration request forms on which the facility must record the level of service it believes accurately reflects the residents' needs. The nurse will automatically forward the appeal/arbitration request forms and supportive documentation provided by the facility to the central office for arbitration within 10 working days after the date of the exit conference.

- c) Arbitration is contingent upon exit-conference negotiation and the submittal of the completed appeal/arbitration request forms to the IOC team.

- d) First-level review is contingent upon the previous steps having been completed.

DEPARTMENT OF PUBLIC AID

NOTICE OF PROPOSED AMENDMENTS

Section 147.100 (continued)

- e) Final resolution of the reconsideration process shall be within 100 days of the date of the exit-conference which constitutes the first step of the process.
- f) Arbitration shall be completed by nurse and/or physician arbitrators, as indicated. Any information that was not presented at the exit-conference during the negotiation will not be considered. The Department reserves the right to perform on-site reviews in conjunction with the arbitration process. Results of the arbitration will be communicated in writing to the facility within forty-five sixty working days after the date of receipt, in the central office, of the appeal/arbitration request forms and supportive documentation of the exit-conference. If the arbitration review does not resolve differences concerning disputed items to the facility's satisfaction, the facility must request in writing, a first-level review within ten days of receipt of the central office arbitration decision. Otherwise the reconsideration process will be completed without advancing to first-level review.

- g) First-level review will be conducted by the Chief of the Bureau of Long-Term Care or designee. Any information that was not presented at the exit-conference and/or the arbitration will not be considered. The Bureau Chief or designee will reverse the arbitrator's determination only if it is demonstrated that relevant evidence was not considered or finds the arbitrator's determination against the weight of the evidence. Results of the administrator's review and reasons, therefore, will be mailed to the facility within 45 days of receipt of the facility's request for first-level review.

- h) The Department reserves the right to resurvey the results of all or any portion of the last resident review examine the validity of all assessments. A reassessment may be conducted and the result of the resurvey will serve as the basis for the facility's program reimbursement for the rate period in question. The facility may request a review of this reassessment according to the specifications above. Such an examination may be triggered by but not limited to assessments resulting in a rate increase or decrease of ten or more percent.

15) Summary and Purpose of Rule(s):

The Department of Mines and Minerals has proposed regulations to implement its authority to regulate the drilling, operating and plugging of wells and drill holes other than oil or gas production wells and Class II UIC wells. The proposed regulations specify the requirements for an application for permit to drill, deepen, operate or convert such wells, the standards for issuance of such permits, and the requirements for plugging such wells when their permitted use has ended.

would impose undue economic hardship on the hospital and if the Council determines that the data from these hospitals are not essential to its data base and its concomitant health care cost comparison efforts. In determining whether compliance will constitute an undue economic hardship the Council will consider the cost to the hospital, both in relation to initial costs to obtain the capability to generate data in this format, and the routine cost of generating such data compared to the ability of the hospital to absorb the added cost of such production. Hospitals with less than fifty (50) beds licensed under the Hospital Licensing Act anticipating compliance to impose an undue economic hardship may file with the Council a request for an exemption. Such request must document the undue economic hardship.

provided in Section 2510.30 of this Part. Only the HB-82 information which can be released under the requirements of the Act shall be released. Special studies and analysis shall not be subject to The Freedom of Information Act.

- d) All requests for compilations of data shall be made in writing to the Executive Director. No person or group may request such compilation of data concerning another person or group.
- f) The Council shall notify the requestor in writing of its decision. Denial of a request shall include a brief explanation of the reason for the denial.
- g) The Council shall also determine a fee to be charged to the requesting entity which will cover at a minimum the direct and indirect costs of acquiring the information and of developing and producing the data product reports or special analyses. The Council shall establish prices by rule for each category of purchasers for each product and for the various terms under which such purchasers may wish to acquire products.

- 1) Definition of Terms
A) Public Release Product

ILLINOIS REGISTER

NOTICE OF EMERGENCY AMENDMENTS

Products which the Council has determined may be released by staff without specific Council action on each order are referred to as Public Release Data Products. These products are said to be 'ordered' by the customer.

B) Controlled Release Product

Products which the Council has determined may not be released by staff without specific Council action on each order are to be referred to as Controlled Release Data Products. These products are said to be 'applied for' by the customer.

C) Data Products are to be made available in units covering a time period to which the data are applicable. Orders, applications, prices and release conditions shall be specific to the unit of product concerned. Unit of product for Public DataSet, Universal DataSet, and Research Oriented DataSet shall be calendar quarter. Unit of product for the Patient Origin DataSet shall be calendar year.

D) Purchase

Data Products may be acquired for the single purpose and for the sole use of the ordering or applying entity. The Council filling an order or granting an application to a given entity shall be construed as giving permission for use only for the unit of product requested and, in the case of Controlled Release products, only for the purposes originally applied for. In granting such approval, the Council shall not be construed as giving permission for the ordering or applying entity to use the data released on behalf of any client, member, organization or other entity not specified in the original order or application.

E) Licensure

The Council may grant applications from corporations, vendors, or other organizations who wish to be licensed to acquire Council data and to release the information therein or derived therefrom to third parties. In the case of such licensure, the Council will grant explicit right to re-release excluded in the provisions for Purchase, above. Licenses

will be granted for specific purposes and classes of potential customers of the customer. Granting of a license for one purpose or one class of licensee shall not be construed as permission to release information to any other class of customer or for any other purpose. Licensees shall bear the burden of reasonable costs for the auditing of their accounts by the State or its agent for the purpose of ascertaining whether the terms of the license have been complied with.

C) Category III: Illinois Government and Education

Other units of Illinois State, county, and local government, as well as State-run educational institutions, shall be deemed to fall into this category. They shall be granted a 50% (fifty percent) discount from the rate made above for Category I customers. Exceptions to this policy may be made when there is a working agreement between the Council and a requesting entity. When such an agreement is in effect, it shall govern the charge which shall be made to the requesting entity.

D) Category IV: Other Government, Education, and Non-Profit Organizations

The Federal government, governments of state and other political subdivisions outside of the State of Illinois, private educational institutions, and non-profit corporations shall be deemed to fall into this category. They shall be granted a 25% (twenty five percent) discount from the rate made above for Category I customers. Non-profit corporations which purchase or license:

- i) on behalf, either whole or in part, or
- ii) for the substantial benefit,

of for-profit entities shall not be deemed to be included in this category. Rather, such entities will be included in Category I. Exceptions to this policy may be made when there is a working agreement between the Council and a requesting entity. When such an agreement is in effect, it shall govern the charge which shall be made to the requesting entity.

E) Category V: Hospital Data Requests

Illinois hospitals requesting access to final edited claims information from the Council, for purposes other than the hospital review process as required by Statute, Rule, and

agreement, may purchase this data from the Council. Prices for hospitals for other products shall be as put forth for Category I, except in cases in which other agreements may be in place.

The Council, acting upon the evidence presented, shall determine to the category in which any given customer shall be placed.

4) Volume Discounts

The Council shall provide for a 25% discount if a total of 4 quarters are ordered or applied for in the case of products for which the unit of product is a calendar quarter.

5) Category I Prices

Public DataSet (Tape)	\$1,500/quarter
Public DataSet (Diskette/Region)	\$750/Region
Universal DataSet	\$2,000/quarter
Research Oriented DataSet	\$3,000/quarter
Patient Origin DataSet	\$1,500/calendar year

Custom Reports and DataSets	
Subset Fee	\$500/subset of 5,000 records

6) Use for Additional Purpose Requires Additional Approval and Fee

The prices and discounts set forth in this Part pertain to all applications for use. A purchaser having once paid the appropriate fee for one use must re-apply for use for any other purpose and make payment as shown in this Part for the additional use.

7) Revisions in Pricing

The Council will, from time to time, examine and may modify the prices set forth in this Part. All data products for the discharge time periods 1987 through 1991 shall be priced according to the original guidelines covering that period. All products for subsequent quarters shall be priced according to this Part.

8) Payment Terms

Payment by check or money order is required at the time the order or application is filed with the Council. The Council shall refund payments to applicants to which the Council votes not to release the data which were applied for.

9) Council Not Required to Perform Studies

While these Rules allow for applicants to request specific file formats and report layouts, the Council shall not accept applications to provide such unless it deems that it is in the best interests of the Council to do so, and that the requestor cannot reasonably be expected to derive the same result through purchase of an existing Data Product or Customized Report or DataSet.

A) When the Council does determine that it will perform a non-standard study for a requestor, the requestor shall pay the Council's estimated direct costs with a surcharge of 35% for indirect costs in advance of the performance of the study.

B) The Council may, at its discretion, apply discounts to the charges assessed requestors of this sort of service consistent with those set forth in subsection (g)(3) above.

10) Licensing Standards and Procedures

Pursuant to subsection (g)(1)(E) above, the Council may grant licenses to entities wishing to re-release data acquired from the Council or information derived therefrom. Such licenses are to be given for specified products and units of product. Licenses shall also be specific as to the purpose for which the data will be used by the licensee and those third parties to whom the licensee anticipates re-releasing information. Licenses for controlled release products shall be specific as to the class of third parties to whom the licensee may release the information. Having been granted permission for one product, unit of product, purpose or class of customer/third party, a licensee will need to re-apply and make additional payment for additional products, units of product, purposes and classes of customers.

A) Fee Basis

Licenses shall be granted for a base fee to be paid by the licensee regardless of the number of third parties to whom the licensee intends to release the information, as well as per-customer fee for each customer. At the time of application for license, the prospective licensee shall state who the prospective customers are and pay the base fee and per-customer fees known at the time of application. Subsequently, the licensee shall pay the per-customer fee to the Council in advance of releasing information to the customer for each customer to whom the licensee releases information.

B) Public and Controlled-Release Licenses

Licenses of Public Release Products may make the release to third parties contingent only upon making payment to the Council and good standing with the Council in performance of stipulated responsibilities in the license agreement. Licensees of Controlled Release Products must also have advance Council permission for release to

each individual customer, unless otherwise agreed to by the Council in the license agreement.

C) Base and Per-Customer Fees by Product

Subject to discounts as set forth in subsections (g)(3) and (g)(4) above, licenses shall pay all or part of the Class I fees set forth in this Part. Per Customer Fees will be \$1,000 per category I customer, with discounts as set forth in subsections (g)(3) and (g)(4) above based upon the for-profit status of the individual customer.

11) Revisions in License Fees

The Council will, from time to time, examine and may modify the fees set forth in this Part.

A) On the effective date of this rulemaking, all licenses for the discharge time periods of 1987 through 1991 shall have the prices as set forth in this Part.

B) The Council shall make fee changes for subsequent calendar years coincident with availability of data for the first quarter of the newest calendar year.

C) Fees set for the newest calendar year shall not apply to licenses already in force for prior discharge years.

h) Basis of Charge for Other Services and Products of the Council

1) Inpatient Discharge Data Quarterly Reports

These reports are to be made available on an annual (four quarter) subscription basis for \$50. Requests for all or part of quarterly reports which are made on an ad hoc as opposed to subscription basis shall be filled at a charge of \$12.50 per quarter.

2) Seminars, Colloquia, and Other Meetings

In order to offset the costs of presenting informational programs to the public and to Council constituencies, the Council may charge a fee to participants covering the reasonable costs of presentation materials and equipment, guest presenters expenses, travel

expenses of Council Staff, and meeting facilities. At the request of participants, the Council may also negotiate group rates for accommodations and amenities at such meetings and pass the cost and overhead along to participants in the fee charged for attendance.

3) Other Services and Products

To the extent that the General Assembly appropriates to the Council from the Special Studies Trust ~~Trust~~ Revolving Fund moneys sufficient to perform other services and provide other products not conflicting with the intent of the Health Finance Reform Act and Administrative Rules, the Council may provide such products and services for a fee. The fees to be assessed shall be reasonable in view of the value of services performed, shall be collected by methods and procedures approved by the Executive Director, and shall cover the full cost of providing the goods and services.

- 6) If this emergency amendment is to expire before the end of the 150-day period, please specify the date on which it is to expire: It will remain effective for the full 150 days; it will not expire before that time.

7) Date filed in the agency's principal office: August 20, 1993.

8) Reason for emergency:

The recent flooding of the Mississippi River and its tributaries has caused the generation of large volumes of waste. This waste is often contaminated by raw sewage, and stockpiling of this waste pending receipt of permits for burning could cause surface water or groundwater contamination.

The Board finds that the existence of this large volume of un-managed flood waste has created a situation in which a regulatory exception allowing the burning of certain of the flood waste without a permit is necessary in a shorter time than required by Ill. Rev. Stat. 1991 ch. 127, par. 1005-40 [5 ILCS 100/5-40 (1992)]. The existence of the waste creates a situation that the Board finds reasonably constitutes a threat to the public interest, safety, or welfare of persons in the affected areas pursuant to Ill. Rev. Stat. 1991 ch. 111½, par. 1027(c) [415 ILCS 5/27(c) (1992)] and Ill. Rev. Stat. 1991 ch. 127, par. 1005-45 [5 ILCS 100/5-45 (1992)].

9) A complete description of the subjects and issues involved:

The Board received a proposal for emergency rulemaking from the Illinois Environmental Protection Agency on August 18, 1993. The Board docketed that proposal as 893-15. The proposal seeks to allow the open burning of certain combustible non-hazardous waste without a permit. The waste was generated in twenty designated counties designated as "disaster areas" that have been impacted by the flooding of the Mississippi River and its tributaries. The counties affected are Adams, Alexander, Calhoun, Carroll, Greene, Hancock, Henderson, Jackson, Jersey, Jo Daviess, Madison, Mercer, Monroe, Pike, Randolph, Rock Island, Scott, St. Clair, Union, and Whiteside.

In prior regulatory proceedings the Board has given exhaustive consideration to the dangers to public health posed by unmanaged waste, which may become a breeding ground for disease vectors including mosquitoes, vermin and birds. The decomposition of unmanaged putrescible wastes can lead to contamination of surface water and

POLLUTION CONTROL BOARD

NOTICE OF EMERGENCY AMENDMENTS

groundwater. The sheer volume of waste created by the recent flooding which must be relatively quickly and efficiently handled is unprecedented in the Board's 23-year history. While landfill disposal of all flood-generated wastes may be possible given extended periods of time and unlimited funds, this disposal must be made at the same time that individuals and governments are struggling to restore essential community elements and services including drinking water supplies and sewage treatment systems, housing and medical facilities, and highways and bridges. Under these circumstances, while controlled burning of certain wastes may have potential adverse impacts on air quality, any such impacts are outweighed by the more immediate impacts on surface water and groundwater quality in the most heavily flood-impacted areas.

The Board finds pursuant to Ill. Rev. Stat. 1991 ch. 111½, par. 1009(c) [415 ILCS 5/9(c) (1992)] that no harm will result from the open burning of this waste and that such waste would create a safety hazard so extreme as to justify the pollution that would result from the burning. The Board finds pursuant to Ill. Rev. Stat. 1991 ch. 111½, par. 1027(c) [415 ILCS 5/27(c) (1992)] and Ill. Rev. Stat. 1991 ch. 127, par. 1005-45 [5 ILCS 100/5-45 (1992)] that a "situation exists which reasonably constitutes a threat to the public interest, safety or welfare".

10) Are there any other amendments pending on this Part? No.

11) Statement of statewide policy objectives:

The statewide policy behind the emergency amendment is stated in Sections 8 and 9(c) of the Environmental Protection Act (Ill. Rev. Stat. 1991, ch. 111½, pars. 1009(c), 1010 and 1027 [415 ILCS 5/9(c), 5/10 and 5/27]) and Section 5-45 of the Administrative Procedure Act (Ill. Rev. Stat. 1991, ch. 127, par. 5-45 [5 ILCS 100/5-45]). Rather than impose additional burden on any unit of local government, the Board believes the emergency amendment will provide regulatory relief to facilitate disposal of flood-generated waste. This emergency rulemaking may impose an additional burden on a unit of local government that provides fire protection, to the extent that unit provides fire protection during any burning that occurs.

POLLUTION CONTROL BOARD

NOTICE PUBLIC INFORMATION ON PROPOSED RULES

NOTICE PURSUANT TO

ILL. REV. STAT. 1991, CH. 111½, PAR. 1007.2(b)

Section 22.7(b) of the Environmental Protection Act (Act) (Ill. Rev. Stat. 1991, ch. 111½, par. 1022.7(b)) (415 ILCS 5/22.7(b)) requires the Board to adopt regulations which are "identical in substance" USEPA corrective action rules adopted pursuant to Sections 105 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. § 9605). These rules are contained in 35 Ill. Adm. Code 307 and 310.

On August 5, 1993, in R92-18, the Pollution Control Board entered the following Order pursuant to Ill. Rev. Stat. 1991, ch. 111½, par. 1007.2(b) (415 ILCS 5/7.2(b)) in docket R92-18: Contingency Plan Update (through 12-31-92):

On March 25, 1993, the Board issued an extension of time order pursuant to Sections 7.2 and 22.7 of the Environmental Protection Act (Act). (415 ILCS 5/7.2(b) and 5/22.7 (1992)). Sections 7.2 and 22.7 of the Environmental Protection Act require the Board to adopt amendments to its contingency plan regulations on a "fast track" basis pursuant to "identical in substance" rulemaking procedures, unless the Board formally extends the time in accordance with Section 7.2. The contingency plan regulations are to be identical in substance to federal regulations or amendments thereto promulgated by the Administrator of the USEPA to implement Section 105 of CERCLA.

For the reasons contained in its March 25, 1993 order, and as summarized as follows, the Board finds that an extension of time is necessary to complete the rulemaking. In its March 25, 1993 order, the Board explained, pursuant to Section 7.2 of the Act, that it could not specify an anticipated completion deadline, due to an event beyond the Board's control, i. e., the then-current pendency of legislation seeking to amend the statutory mandate that would have directly affected the scope of this rulemaking. At that time, the Board determined not to proceed until it knew the outcome of the proposed legislative amendment to provisions of the Act which establish the specifics of the State contingency plan's identical in substance mandate. The Board anticipated being able to give its best assessment of when this rulemaking could be completed at its second regularly scheduled July meeting.

In that the legislative session has ended without adopting the amendment, the Board is giving that best assessment today.

The Board anticipates that this rulemaking, which is voluminous, can be completed by February 10.

Pursuant to Section 7.2(b) of the Act, the Board will submit this order for publication in the Illinois Register as expeditiously as possible.

While the Act requires that the contingency plan regulations be patterned after the USEPA "superfund" regulations, their adoption is not required by the USEPA. In this respect, the contingency plan regulatory program differs from most other "identical in substance" programs (such as RCRA).

EXECUTIVE ORDER
93-5
EMERGENCY FINANCING POWERS IN CONNECTION
WITH THE GREAT FLOOD OF 1993

Whereas, the Great Flood of 1993 has caused severe flooding in many areas of the state; and

Whereas, in July and early August, 1993, I made declarations of disasters for a number of Illinois counties and thereafter requested the President of the United States to declare major disasters in those areas; and

Whereas, I hereby find that the demands placed on funds regularly appropriated to the Department of Military Affairs and the Illinois Emergency Management Agency in coping with the Great Flood of 1993 are unexpectedly great; and

Whereas, I find that monies available from the Disaster Relief Fund are insufficient to meet the needs of the Department of Military Affairs, the Illinois Emergency Management Agency and the Department of Public Health in coping with the Great Flood of 1993; and

Whereas, I find that the appropriation to the Illinois Emergency Management Agency for the expenditures from the Federal Aid Disaster Fund is insufficient to match the expected receipt of federal funds to be granted to the State, local governments and certain private non-profit organizations;

Whereas, I find that other sources of money to cope with the Great Flood of 1993 are insufficient; and

Whereas, Section 9 of the Illinois Emergency Management Act, 20 ILCS 3305/9, authorizes the Governor to transfer and expend monies appropriated for other purposes to cope with a disaster when other sources of money are insufficient or to borrow for a term not to exceed 2 years from the United States government or other public or private source, until such time as a quorum of the General Assembly can convene to enact legislation as it may deem necessary; and

Whereas, the President of the Senate and the Speaker of the House have certified that the Senate and House are not in session;

Therefore, pursuant to the power vested in me by the Illinois Constitution, and Section 9 of the Illinois Emergency Management Agency Act, I, Jim Edgar, hereby order the following:

A. A total of \$11 million shall be transferred from the General Revenue Funds appropriated to the Illinois Department of State Police, personal services, Article 64, Section 3 of Senate Bill 946 (P.A. 88-90) to the Illinois Emergency Management Agency into the line "Disaster Relief, Public, Payable from the General Revenue Fund", Article 58, Section 4 of P.A. 88-90.

B. A total of \$40 million of expenditure authority shall be transferred from the Illinois Department of Transportation, Article 66, Section 30 of P.A. 88-90 to the Illinois Emergency

Management Agency into the line "Payable from Federal Aid Disaster Fund, Federal Disaster Declarations In Fiscal Year 1994", Article 58, Section 4 of P.A. 88-90.

This order shall take effect immediately.

Issued by the Governor August 16, 1993.

Filed with the Secretary of State August 16, 1993.
